**Batman #699**

***Bill-E***

“Riddle Me This” part 2 is the end of Tony Daniels second arc before the big 700. Unfortunately, it seems that they wanted to rush through this issue to leave a clear slate for 700. The story goes through a back story confession, critical thinking and some action. The problem with it all is that we are left with more questions about this story then when we started with, and with probably no signs of answers to come. 698 looked promising, but sadly 699 left this two part story as something that can be left to the wayside. 5 out of 10.
