Flash #2

*Bill-E*

“You want to surprise someone who can run from zero to sonic boom in sixty seconds; your best bet is cold.” contrary to my opening quote *Flash #2* is hot, so hot it is my comic of the week. Heck, it may just be the comic of the month for me. Geoff Johns delivers the next part of a compelling, yet simplistic Flash story that should not go unread. Like last issue Francis Manapul’s art just captivates me. I find myself looking at each page longer than I normally do because of the art and coloring of every panel. The Tuesday before *Flash #3* comes out is going to feel like Christmas Eve. 10 out of 10 MUST READ!
